WORK EXPERIENCE

Laughlin Constable
Software Engineer - FE

Milwaukee, WI
December 2019 - September 2020

I worked mainly on Kentico CMS based sites, **NationalMSSociety.org** and **Laughlin.com**. I also did maintenance on **Masterlock.com**, a custom Java based site, and built emails for various clients. Notable work includes a landing page for MS, **https://www.nationalmssociety.org/climb-to-the-top**.

Bader-Rutter
Jr. Developer

Milwaukee, WI
April 2018 - December 2019

I started as a dedicated email developer for Corteva Agriscience and Zoetis. I worked on landing pages in Oracle's Eloqua platform, and on two large .NET based websites, **Mycogen.com** and **Phytogen.com** respectively.

MATC Milwaukee
Student

Milwaukee, WI
Jaunary 2018 - May 2018

After an extended job search, I went back to school full-time. I focused on server-side development with C#. Courses included:

• **Intro C#, SQL Server, Intermediate C# and .NET Core w/ Entity Framework**

Ascedia
Associate Interface Developer

Milwaukee, WI
October 2014 - August 2017

I collaborated with application developers and designers, and brought static design concepts to reality. Client work ranged from large scale, custom builds, to maintenance tasks in versions of Kentico CMS and Wordpress.

Notable Work:
• Milwaukee County Transit System – **www.ridemcts.com**
• Cubic Designs – **www.cubicdesigns.com**
• Davalid Ridge Hop Farm – **www.davaliridge.com**
• Untitled Creative Studio – **www.untitledcreativestudio.com**

The LANG Companies
Web Designer

Pewaukee, WI
August 2013 - Oct 2014

I designed and coded html emails, managed email campaigns, and in-house front end development. I managed product pages and web content for www.lang.com, a site built on Magento e-commerce CMS.
